ABOUT ME

Front-End Developer with 2 years of professional experience developing and maintaining web applications with Angular and TypeScript. Experienced with RxJS, Tailwind CSS, SCSS, and PrimeNG, building responsive, functional, and well-structured user interfaces.

I am continuously developing my skills as a front-end developer, aiming to build efficient solutions while delivering a strong user experience and high-quality code.

PROFESSIONAL EXPERIENCE

FRONT-END DEVELOPER

EZ Soluções em Tecnologia LTDA — 06/2024 – 06/2026

- Developed and maintained web applications using Angular, including Angular 20.
- Built responsive, component-based user interfaces using Tailwind CSS, SCSS, and PrimeNG.
- Used RxJS in Angular applications, working with Observables, reactive data flows, and asynchronous data.
- Integrated RESTful APIs into Angular applications using services and HTTP requests for data consumption and manipulation.
- Worked independently within the team, contributing to feature implementation, bug fixes, and usability improvements in an Agile environment with sprints.
